**Date:** Tuesday, July 16, 2013 4:42:11 PM

---

Aloha Dan,

Pages 18 and 19 of the Kailua draft Fact sheet indicate several exceedences of the Hawaii water quality standards for ammonia, nitrite + nitrite and total phosphorus at the ZOM. Can you provide us with the Excel sheet with the data inputted used to derive these conclusions?

CJ

P.S. hope all is well with you.
